PLAYGROUND
EQUIPMENT**

About company

The mission of «Inter Atletika» is making sport and healthy lifestyle accessible to people as well as creating comfortable environment for family outdoor activities and child development.

That's why our basic set assortment consists from children playground complexes and gymnastic equipment. We've considered the interests of boys and girls of different ages. In our catalogue you'll find playgrounds for various age groups from the smallest kids to teenagers. We also manufacture equipment for children with special needs.

The group of companies "Inter Atletika" operates the full production cycle, which allows us to control the quality of products on every stage. We care about the safety of our equipment and its CE conformity. The health and happiness of your children is important for us, because we are parents too. Also we don't forget about the adults physical activities. We offer our customers the wide range of outdoor fitness machines. The dynamics of modern life prevents us from spending time on ourselves. And "Inter Atletika" gives such an opportunity to people who wish to maintain a healthy lifestyle.

Within 20-years on the market we've collected useful experience and gained the reputation of reliable business partner. Our equipment took many international rewards and quality certificates. But the most valuable prize for us is the smiles of people who use our products.

Cooperation

During our business activity, we have earned a reputation of solid partner for customers all over the world and our aim is to keep it as high as possible. We have played significant role in development of children and sports infrastructure in Ukraine, taking part in all largest projects for building playgrounds during last 10 years.

Our professional fitness equipment is installed in most of Ukrainian gyms and you can meet our equipment in the gyms all over the world. We develop different areas of sport directions including CrossFit, arm-wrestling and many others. Also we produce equipment for home fitness and entertainment usage including multifunctional fitness stations, children bars and complexes.

We always move forward with increasing of our production facilities and range of offered products. We are developing new series of children playgrounds, outdoor fitness, park furniture, street workout to meet modern requirements of design, functionality and design of equipment. We are very careful with all customer demands to provide the best possible service. This year we have opened European Union representative office to deliver more comfort and service in cooperation with our clients.

"Inter Atletika" is constant exhibitor of all largest European children and sport equipment exhibitions, every year we present our progress in design and quality. Demands of our customers always move us forward, pushing us to offer the best possible options on the market. You can find our equipment in use in more than 40 countries of the world, and we are very proud of this fact. We warmly welcome your requests and look forward for our successful cooperation.
